Dear Ms Veres,

I am very interested in applying for an internship in your institution for the autumn of 2008 (preferably September/October). After having talked to you personally early February, I am contacting you now by sending my enclosed CV.

As I was confronted with and curious about the specific ethnocultural diversity of Transilvania during my stay in Cluj-Napoca as a student, I would very much like to deepen my knowledge and experience regarding the ethnoculturality of Transilvania. As well as this I am planning to write my final bachelor term paper on a topic examining and dealing with the interethnic dialogue and conflicts, therefore an internship in your research center would be just brilliant. Adding to this, I am also interested in discovering the organisation and functioning of your NGO especially because I have already worked in a cross-border NGO and I am an active member of a student NGO.

Please feel free to contact me for further questions or ideas at the above phone number or email adress. I look forward to hearing from you.

Sincerely,

Sarah Langer
